Benefits of our Day Opportunities

Effective day care services can play a vital role in supporting individuals and in maintaining their contact with the community. Our day centre is valued for making a real difference to older people's lives and carer's lives by providing the following:

- Social interaction
- Friendly environment
- Carer relief
- Maintenance of independence
- Positive framing of life
- Involvement in decision-making

As well as the above, day care can provide a vital role in combating social isolation and loneliness, both for people living alone and people living with others.
